Expertise

UX writing	SEO	Brand storytelling	Conversion copywriting
Content Strategy	WordPress	Basic HTML	Google Analytics
Content Creation	Digital Media Marketing	Time management	Teamwork

Professional experience

SEO copywriter, Clearly – Essilor Luxottica Canada Inc. | Vancouver, BC **May 2019 – July 2023**

- Created compelling blog content that increased traffic by 28,000% compared to the previous month.
- Optimized website copies consisting of over 1000 new web pages, delivering all copies on time and within budget.
- Co-led UX writing efforts in a website redesign for Canada's #1 eyewear store to enhance user engagement.
- Produced SEO content that improved website ranking from third to first position on Google for one key term.
- Audited website pages with claim substantiation needs in a highly regulated category to assist marketing functions and resolve legal issues for the company.

Content strategist, iProspect – Dentsu Aegis Network | Kuala Lumpur, Malaysia **Feb 2017 – Jan 2019**

- Created and implemented a new content strategy that boosted website page views by 11 times over 12 months, resulting in third position on Google for the most searched key term.
- Led copywriting efforts for four clients at a time, delivering all projects within the specified timeline and budget.
- Collaborated with teams within sales, SEO, and data to plan content and acquire new clients in a fast-paced environment.
- Published a new blog content per week through using a content management system.

Social media intern, Style My | London, England **Feb 2016 – Jan 2017**

- Used an auto-scheduling tool to create and publish 30 social media posts per week on Facebook, Instagram, and Twitter.
- Gained five new followers through a social media campaign to help increase the number of students for stylist workshops.

Sportswriter, Betfect – Social Betting Network | London, England **Jun – Dec 2015**

- Published a newsworthy article about soccer in a timely manner per week via WordPress and Facebook.
- Researched keywords, sourced images, and leveraged search engine optimization techniques to increase website traffic.
